

On Heli Canada Adventures' backpacking trip, you'll be hiking creek crossings and alpine grass slopes, flat glacier traverses and boulder fields, scree areas and wildflower meadows. You'll be backpacking amid high country flora and fauna, including caribou, bald eagles and mountain goats, practicing your low-impact skills as you're hiking. Our backpacking adventure always offers plenty of time to stop, capture your surroundings on film, and simply admire nature's profound beauty and sheer power.
