Featured Adventure Adventure Based Corporate Teambuilding

In short, corporate teambuilding provides leadership skills that will ultimately control your organization's effectiveness. In today's world, corporate teambuilding translates into leadership capabilities that will support your business survival.

Adventure-based corporate teambuilding activities are known as a highly effective process for profound learning that allow for personal experience through action. Removed from normal organizational inhibitors, our corporate teambuilding programs generate much higher learning and retention levels, provide a real perspective to teambuilding, produce significant individual change, and drive results in a short period of time.

Heli Canada Adventures' corporate teambuilding exercises will provide challenges that require participants to do things differently. Participants are given a framework for innovative thinking, intention, accountability, and their ability to engage others. Corporate teambuilding adventure-based learning supports profound changes in people generated by the personal experiences of undertaking tasks with others. Understanding is cultivated from within the learner through personal experience in your custom-designed corporate teambuilding program.

You can expect small groups, excellent training from professional guides, and an unbeatable setting deep in the mountains of British Columbia. To book or ask about an adventure-based corporate teambuilding course with us, just drop us a line at info@helicanada.com or 1-888-837-5417.

In the August – September 2008 newsletter, we talked about projects going on behind the scenes of your helicopter adventure company. One of these on-going projects was to apply to the provincial government to renew our license to operate on crown land. The license renewal project started in November 2007. Our final Tenure Management Plan was submitted to the provincial government in November 2008. This March 2009, we received an offer from the provincial government to renew our license for 30 years! We have accepted the offer and we are very very excited about our future!

In the first year of this new license we'll be revamping our web site, establishing a marketing team and rolling out more of a local presence in the regional market. We are going to continue the best business practices we have refined over the last ten years, one of which is guest satisfaction with exceptional service from enthusiastic HCA team members. As owner operators, we enjoy getting to know you through all phases of your vacation, from helping you plan your ideal adventure on the phone, to guiding you in the mountains and to enjoying healthy cuisine with you at the end of our exhilarating day together.

We look forward to celebrating our accomplishments with all of you this summer whether in the wild flower alpine meadows, on sheer rock faces, or on mountain summits. It is our guests, you, who have realized our dream of 'making our adventure yours'. Thank you.

Our Mission Statement

- We will ensure that we are delivering exceptional environmental stewardship.
- We will fully satisfy the needs and desires of our customers through provision of luxurious adventure experiences.
- Our guests will enjoy the friendly and professional service of our highly trained and qualified team members and guides who are each here because they love what they do.
- Through a fair exchange of values between the owners, team members and customers, we ensure that Heli Canada Adventures is the best alpine adventure company to associate and vacation with.

Ready for Friends-Friendly Adventure!

Do you have a group of friends that you would like to get together for a friends-friendly adventure? One of the great things about the alpine backcountry is that it offers such great variety — making it the ideal place for a group or couple of friends to adventure, even for those who may enjoy the less active adventures. We've seen plenty of these combinations — While some are taking a rock climbing course, for example, their friends are heli hiking. It also makes HCA a perfect partner if you're planning a friend's-friendly reunion. We know that friends who play together stay together — but they don't always want
